6 Change the words in bold in the conversation in Exercise 4. Use the information on the cards. Practise the conversation.

Geography Climate and food

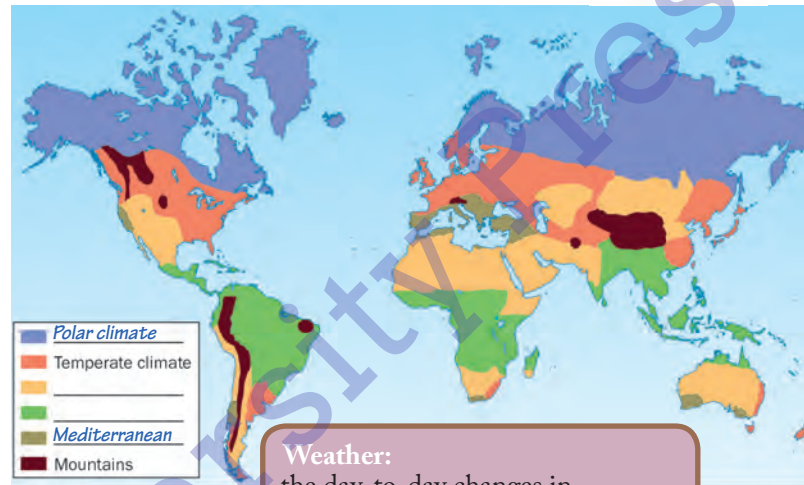

1 Look at the pictures. Can you name the food items? Where do they grow? What climate do they need to grow? Think about rainfall and temperature.

2  1.12 Listen, check and repeat the food words.

3  1.13 Read the text. Complete the missing information in the map's key.

- In a **polar climate** it's always cold. The temperature never goes above 10 °C. It's very difficult to grow food here because the winters are very long and dark. People usually eat a lot of meat and fish but not much fresh fruit or vegetables.
- Turkey, California and southwest Australia have a **Mediterranean climate**. It's hot in the summer and rainy in the winter. They use irrigation systems to grow crops like oranges and figs. Olive trees grow well in the Mediterranean climate because they don't need much water. The Mediterranean diet includes a lot of vegetables and not much fat.
- Saudi Arabia and Egypt have a **desert climate**. Daytime temperatures are high all year but it can be cold at night. It doesn't rain very often and not many plants grow in these areas. Date palms grow near oases. Dates are nutritious and they are an important part of the desert nomads' diet.
- Malaysia and Congo have a **tropical climate**, with high temperatures and a lot of rain all year round. Plants grow easily in these conditions. Rice, bananas and sugar cane grow on large farms or *plantations*. In these countries, people eat a lot of rice.

4  1.13 Read the text again and check your answers to Exercise 1.

Weather:
the day-to-day changes in temperature, rain and wind.

Climate:
the typical weather in a local area.

5 Copy and complete the table with information from the text.

	Country	Climate	Crops	Diet
Polar climate			<i>none</i>	<i>meat, fish</i>
Mediterranean climate				
Desert climate				
Tropical climate				

Your turn

6 Work with a partner. Choose four different types of food. Find out ...

- what climate they need to grow.
- if they grow in more than one climate.
- if the farmers use special methods to cultivate them.

Find out about rice growing in China.

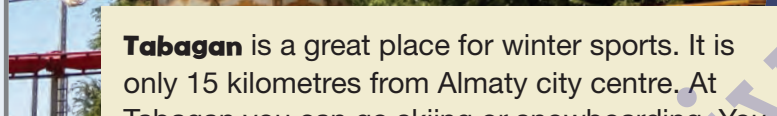

Fun in Almaty

What can you do in a leisure park?

At **Fantasy World** park in Almaty, you can laugh or you can scream! Fantasy World has more than 30 different rides. There's a merry-go-round and there are bumper cars - they're fun! The Top Skan ride is terrifying. (Don't have a big meal before that ride!) Fantasy World is near the central stadium and it is open until midnight.

Tabagan is a great place for winter sports. It is only 15 kilometres from Almaty city centre. At Tabagan you can go skiing or snowboarding. You can go sledging and ice-skating too. There's a big indoor swimming pool and there are restaurants and cafés. In the summer you can play tennis and do lots of other sports. Tabagan is always fun!

Children love **Central Park** in Almaty. There are lots of different rides. There are cafés, *shashlyk* stands and places to play games. In the summer you can take a boat on the lake with your friends. There's also a big zoo with 4,000 animals. It's next to the park.

ABOUT ALMATY

Nearly 10% of the people of Kazakhstan live in Almaty. Almaty was the capital of the Kazakh SSR and of independent Kazakhstan until 1997.

Extra reading

1 Read the text, then answer the questions.

- How many rides are there at Fantasy World?
- Where is Fantasy World?
- What winter sports can you do at Tabagan?
- Where can you swim?
- Where can you eat at Central Park?
- What can't you do in winter at Central Park?

5 Which sentence is true about birds?

- a All baby birds drink milk.
- b Some birds can fly backwards.
- c Some birds don't have wings.

CLUES

Elephants move their ears backwards and forwards in hot weather. This helps them to keep cool.

Gorillas eat leaves and fruit and they sometimes eat insects. They don't eat meat.

A giraffe's neck is 1.5–1.8 metres long, but it has only seven bones – just like your neck!

A snake can smell things with its tongue. The tongue moves quickly in and out and picks up smells in the air.

When hummingbirds fly, their wings move up and down about 50 times a second. They can fly backwards – and even upside down!

FACT! Frogs live on every continent in the world except Antarctica.

HUSKIES

THE INUIT'S HELPER

Husky dogs are more than just animals to some people. Huskies can help in a lot of different ways.

The native people of the Arctic are called the Inuit. They live in Alaska, Canada and Greenland. They live in very cold climates. The Inuit people use huskies because the dogs are strong and can live in very cold climates, too. They are also very good workers.

Today, a lot of Inuit people live a traditional lifestyle. They use animals for food, transport, and clothes. In the Arctic, there aren't many vegetables or fruit. In fact, in some places, there aren't any supermarkets. The basic diet of the Inuit people is meat and fish. The Inuit hunt seals, polar bears and reindeer, and their huskies help them. Inuit hunters travel with their dogs. They make sledges with animal bones and skin, and teams of huskies pull the sledges. These dogs can pull heavy sledges and go very fast.

Of all the animals in the Arctic, the husky is the Inuit's favourite helper!

Writing A description of an animal

All about hippos

by Sam Wilson

Wild hippopotamuses live in central Africa. They're big and fat. They have small eyes, small ears and short legs. They also have very big teeth! Adult hippos are usually three to four metres long, and they run very fast!

Hippos often sleep in water during the day because the water is cool. They usually come out of the water at night and eat. They only eat plants. They can eat up to 40 kg of grass in one night, and they sometimes travel up to 10 km to find food. Hippos are very dangerous. Every year they kill hundreds of people!

1 Look at the photo. Why do hippos sleep in the water? Read the text and check your answer.

2 Copy the table. Then write the information in the box in the order it appears in the text.

Science Vertebrates

1 Look at the pictures in the text. What animals can you see?

2  1.22 Read the text. Think of another example for each animal group.

bird: flamingo

Animals with BACKBONES

1 Birds

Birds have got two legs, two wings and feathers on their bodies. Most birds can fly, but some birds, like penguins, can't. Baby chicks are born or 'hatch' from eggs.

2 Fish

All fish live in water and use gills to breathe. Fish haven't got arms or legs, but they have got fins for swimming. They've got scales on their bodies. All baby fish are born from eggs.

4 Reptiles

All reptiles, except snakes, have got four legs. They've also got scales, and some, like chameleons, can change colour. Baby reptiles are born from eggs.

5 Amphibians

Baby frogs, or tadpoles, are born in water from eggs and breathe with gills. Adult amphibians have got lungs and they can live on land or in water. They've got smooth skin.

3 Mammals

Most mammals have got hair, skin or fur on their bodies. Baby mammals are born from their mothers and drink milk. Some mammals live in water but they breathe with lungs out of the water.

3  1.22 Read the text again. Write the correct vertebrate group(s) for each statement.

- 1 They can usually fly. *birds*
- 2 Their young are born from eggs.
- 3 Their young form inside their bodies.
- 4 They haven't got lungs.
- 5 They haven't got arms or legs.
- 6 They've got skin, fur or feathers.
- 7 They don't live on land.
- 8 They can live in water and on land.

2.4 Chameleons

Which animal?

What do you know about the animals in the pictures?

1

This animal has got a long face and big, flat feet. It can run very fast. It can carry people and heavy things on its back. It can drink 135 litres of water in 13 minutes!

2

You can see these animals in the mountains. The males have got big, curly horns on their heads. In the winter, the hair round their necks is white. The females have got smaller horns.

3

There aren't many of these animals in the world. They live in dry flat areas in Kazakhstan. They have got very big, long noses. The males have got horns on their heads.

4

These animals live in hot deserts. They usually sleep in the day and come out at night. They have got very big ears and big, black eyes. Their back legs are long but their front legs are short. Their tails are longer than their bodies.

A Jerboa

C Argali

B Bactrian camel

DIWALI

A family festival

Diwali is an important time in the Hindu calendar. Raj, 14, from Mumbai, celebrates it every year with his family in India.

1

Diwali is a family festival. It's called the 'Festival of Lights'. It's a celebration of the victory of 'good' over 'bad' with special lights or 'diyas', and candles. The family is important in traditional Diwali activities.

2

We usually celebrate Diwali in October or November at the start of the Hindu New Year. The festival is five days of celebrations.

3

It's an international festival, but India's got a bigger Hindu population than any other country, so it's very important there. Other countries with Hindus also celebrate it, for example, Nepal, Sri Lanka, Malaysia, Singapore and parts of Europe.

4

It's important for people and their houses to be clean. We also wear the most colourful clothes we can: yellow, red and green. Diwali is a festival of colour! Family is always important to Hindus, but during Diwali it's even more important. People celebrate with their families at home and they eat special meals. It's a wonderful time!

FACT! Hindus celebrate a lot of festivals. About 40 every year!

Writing A description of a person

1 Look at the photo and read the text. Who is writing the description?

MY BEST FRIEND

THIS WEEK: Javier Ramos from Cuenca, Spain.

My best friend is my brother, David. He's 20. He lives with me, my mum and my dad. David is taller than me. He's the tallest person in our family. He's got dark hair and green eyes. He's very intelligent, and quite funny, too!

My brother's great, and he's a very good friend.

2 Copy and complete the table for Javier.

3.4 The Land Down Under

What we value

Name three famous people in Kazakhstan.
Why are they famous?
Do they help other people?

Batyrkhan Shukenov (1962–2015) was a famous musician from Kazakhstan. When he was a young boy, he was really interested in music. At school, he was in a band called *Dostyk*. He was the bass guitarist. After school, in 1979, Batyrkhan was a student at a famous music institute in Russia.

Batyrkhan was the lead singer in the band *A-Studio*. In 1989, their song *Julia* was a big hit in Kazakhstan and in Russia. The band was very popular.

But Batyrkhan wasn't just famous for his music. He was also a United Nations Children's Fund (UNICEF) Goodwill Ambassador for Kazakhstan.

UNICEF is a global organisation. It helps children in many countries. In some countries, children need more food to eat and clean water. In other countries there are wars and it's very dangerous. Children in these countries need a lot of help. But UNICEF helps some children in Kazakhstan too.

ABOUT GOODWILL AMBASSADORS

UNICEF's Goodwill Ambassadors are famous people like actors, musicians and sports people. They do a lot of good work for children.

Extra reading

1 Read the text. Are the sentences true (T) or false (F)? Correct the false sentences.

- 1 Batyrkhan Shukenov was a famous Russian musician.
- 2 *A-Studio* wasn't his first band.
- 3 Batyrkhan was the lead singer in *A-Studio*.
- 4 Their song *Diana* was popular in Kazakhstan and Russia.
- 5 UNICEF Goodwill Ambassadors help older people.
- 6 UNICEF only works in Kazakhstan.

Hi, my name is Paco and I'm from Bogotá in Colombia. Bogotá is the capital, and over 7 million people live here. Colombia has a population of 47 million. We speak Spanish. I'm eleven years old and I started San Cristóbal secondary school six months ago. This is a photo of me at school. But I'm not at school now. It's 2.30 in the afternoon here and I'm relaxing at home. School starts at 7.30 in the morning, so I get up at 5.30 and have a shower. Then I have breakfast with my family. My dad starts work in a car factory at 7.00. My mum is a shop assistant. She starts at 10.00. My sister is 17. She

finished school a year ago and now she's working in my mum's clothes shop.

I leave my house at 6.30 and walk to school. I like my new school and I've got lots of friends. At break time we usually play football. I don't have lunch at school because school finishes at 11.30. That's when I go to the park with my friends to play football again! At 1.30 I go home and have lunch. My mum cooks really good *arepas* – little corn breads. We eat them with soup or meat. I love Colombian food! I love video games – I play online every day with friends. I do homework too. I want to be a pilot so I study really hard.

DAY AND NIGHT

The Earth revolves around the Sun and it also rotates on its axis. Imagine a line from the North Pole to the South Pole; that's the Earth's axis. The Earth makes one complete rotation every 24 hours. 24 hours is one complete day and one complete night. When a part of the Earth faces the Sun, it's day. When a part of the Earth faces away from the Sun, it's night.

Jobs in Kazakhstan

What sort of jobs do you think people did in the past?

How were they different from the jobs that people do today?

1500

In the past, many Kazakhs were nomads. They moved around with their animals. Other Kazakhs were farmers. They lived in villages in the countryside. It was hard work because there weren't any machines and the weather in winter was often very cold.

1850

There were lots of coal mines in places like Karaganda. Many people worked in the mines. It was difficult and dangerous. At first, there weren't any machines to help the workers. Later, the technology for mining improved and mining was safer and easier. However, the coal mines were dirty and very bad for the environment.

2000

Today, many people work in service jobs, for example, doctors, dentists and teachers. Technology is very important – lots of people work with computers or machines in offices or factories. Machines do the harder, more dangerous jobs that people did in the past.

now

2050

By 2050, Kazakhstan wants to become a 'green economy', with clean, safe energy and technology. It's also encouraging young people to choose different jobs, like looking after the environment or teaching workers how to be quicker and better at their jobs.

A Welsh school

Hi! My name's Gareth and I'm a student at Penglais Comprehensive School in Aberystwyth, a small town in Wales. In my school we study both English and Welsh. At home, Welsh is our first language so I usually speak Welsh with my parents and grandparents. I like listening to my grandfather tell interesting stories in Welsh.

Our school is great because we've got lots of different clubs.

There's a guitar club on Thursdays. Students can learn how to play the guitar. My friend Isabel goes to this club. She really loves playing music and singing and she's really good. I'm terrible at singing!

We also have a hip-hop group. Students can learn hip-hop music and dance and sometimes they have concerts.

My friend Darren goes to Rugby Club. He can run very fast but I'm really slow! Lots of Welsh people love playing and watching rugby but I think it's boring!

I go to Surf Club every Tuesday after school. We can surf and swim. I love surfing and I can swim fast. Our teacher is an expert surfer. He's brilliant but he shouts a lot!

FACT! The Welsh alphabet doesn't have the letters K, Q, V or Z.

Writing An email

Hi,
Please send me an email with information about your school for my school project. Thanks!

Günter

Hey Günter,

Here's some info about my school for your project. I go to the Carlton Arts School in London, England. It's got pupils from 11 to 18 years old. It's a small school but there are about 40 teachers. The school day starts at 9 o'clock and finishes at 3.30 pm. We wear a grey and white uniform 😞.

My school's unusual. It's for students who are good at acting, dancing and music. In my year, we all study ten 'normal' subjects, like Maths and History, but we also choose Drama or Dance. I do Drama and I have a Drama lesson every day 😊. We learn a lot about acting, but we also write plays and design costumes (like the ones in the photo). The school's got a fantastic theatre!

Write back if you need more info. Bye for now!!

- 2 'That's really funny!' (Use a sound.)
- 3 'Stop!' (Draw an image.)

2 2.08 Read the text. Match the images (1-3) with their communicative purpose (A-C).

IMAGES AROUND US

We often communicate with images. Images send us a message. Some images inform us, some tell us to do something, and others simply entertain us. Let's look at the images around us in our towns and cities.

A INFORMATIVE IMAGES

A lot of images in towns and cities inform us about things, for example maps, road signs, shop logos and posters. These images are usually simple and give us very clear messages.

B PERSUASIVE IMAGES

These images tell us to do something. You can see lots of these images in advertisements in the street. They usually want to sell us something, for example a drink, clothes or a ticket to the cinema.

C RECREATIONAL IMAGES

These images entertain us, for example images from films, comics or even street art and graffiti. These images attract our attention because they are beautiful, strange or surprising. They make the town or city more interesting or attractive.

What music is popular in Kazakhstan?

In Kazakhstan, people love listening to all kinds of music. Traditional folk music is very popular. The national musical instrument is the *dombra*. People play the *dombra* and sing songs or poems from the past.

Do young people like traditional music?

Yes, they do. Young people have *dombra* parties in streets and parks in many cities in Kazakhstan. Now, there are even *dombra* parties in Europe! Some young Kazakhs train to become *akyns*. *Akyns* are very good folk singers and poets. There are some famous *akyns* in Kazakhstan today. Of course, professional *akyns* practise every day.

What are their songs and poems about?

They are sometimes stories about family and animals, the land and mountains. Sometimes they are about ideas and feelings. But a good *akyn* can sing about anything!

Where can you see *akyns*?

They often perform in concerts. There are also singing competitions on TV every Sunday.

ABOUT AKYNS The tradition of telling stories with music is very old. *Asan Kangi* is a famous *akyn* from long ago. He lived from 1361–1465.

Unit aims

I can ...

- understand a biography of a famous writer.
- follow the events in an extract from a novel.
- understand a character's actions and feelings.
- write about an exciting scene.

Reading A biography

- 1 You are going to study part of a story by the British writer, Arthur Conan Doyle. Read the text about his life. Which famous characters did he write about? Do you know anything more about them?

Arthur Conan Doyle was born in 1859 in Edinburgh, Scotland.

At university he studied to become a doctor, and he also started writing short stories. He was soon more successful as a writer than as a doctor.

In 1886 he wrote his first story about a detective and his friend. These were

Doyle's most famous characters:

Sherlock Holmes and Doctor Watson.

Doyle wrote 56 stories about them and they were extremely popular. Doyle died in England in 1930.

But today Holmes and Watson are still appearing in films, novels and TV programmes.

Reading A story

- 1 In this text Doctor Watson is telling the story. Read the first part of the text quickly (paragraphs A–D). What kind of story is it?

a love story a travel diary a mystery story
a comedy a science fiction story

Get Reading

The first time you read a text, read it quickly, without stopping. Don't worry if there are parts you don't understand or words you don't know. Keep reading! Try to get a general idea of what the text is about.

A When I got to the top of the hill the sun was already going down. The hillsides below me were golden-green on one side and grey shadow on the other. There was no sound and nothing moved on the moor.* One great grey bird flew over my head. He and I seemed to be the only living things between the blue sky and the empty land. But down below me there was a circle of old stone huts.* One of these still had enough roof to keep a person dry when the weather was bad. My heart jumped as I saw it. This must be the stranger's hiding place – I could now find out his secret! 5

B A little path through the rocks took me down to the door. Everything was quiet. The man might be waiting inside, or he might be outside on the moor. I closed my hand on the gun in my pocket, walked quickly to the door and looked in. The hut was empty.

C But I was right. This was the place where the man lived. Some blankets in a corner showed me where he slept. I could see the ashes of a fire in the old fireplace. Next to it there were some cooking pots and a bucket of water. Empty tins* were lying on the floor, so I knew that someone had used the place for several days. An old table stood in the middle of the hut, and on this I found a small bag. Inside there was some bread, some tins of meat and two tins of fruit. 10

D Then I noticed a piece of paper under the bag. I picked it up and read it. It said, 'Dr Watson has gone to Coombe Tracey.' This secret man was collecting information about me! Who was he? What was he doing here? Was he my enemy? I knew I could not leave the hut until I had answers to these questions. 15

Adapted from *The Hound of the Baskervilles* by Arthur Conan Doyle

*moor батпақ – болото *hut лашық – лачуга *tin қаңылтыр құты – жестяная банка

2 Answer the questions.

- 1 Who or what was Doctor Watson looking for?
- 2 Did he find anything important in the hut?

3 What do you think happens next in the story? Work with a partner. Ask and answer Watson's questions.

- 1 Who is the 'secret man'?
- 2 What is he doing on the moor?
- 3 Is he Watson's enemy?

4 Read the next part of the text. Who do you think the stranger is? How do you think Watson feels when he finds out?

E Outside the sun was getting low. In the west the sky was brilliant with red and gold, and these colours were shining from pools of water on the moor. I could see the two towers of Baskerville Hall, and far away a curl of smoke came from the village of Grimpen. All was quiet and lovely in the golden evening light. But I could not enjoy this beauty. I was thinking only of my meeting with the stranger. Every minute was bringing it closer. Cold and alone, I sat in the dark corner of the hut and waited for the man to come. 20

F And then finally I heard him. Far away came the clink of a boot hitting a stone. Then another and yet another, slowly coming nearer and nearer. I pushed myself back into the darkest corner and took out the gun from my pocket. I knew I must not show myself until I could see this man. For a few moments there was no sound and I knew he had stopped. Then once more the footsteps came towards me and a shadow fell across the opening of the hut. 25

G 'It's a lovely evening, my dear Watson,' said a well-known voice. 'I really think you will be more comfortable out here than inside.'

5 Read both parts of the text again. Then put these sentences about Doctor Watson in the correct order.

- a) He saw a small building.
- b) He sat down in a corner.
- c) He walked down the hill.
- d) He checked that no one was inside the hut.
- e) He heard someone coming.
- f) He climbed the hill.
- g) He looked at the things inside the hut.

Your turn

6 Work with a partner. Look at the photos. Do they match the descriptions of the moor in the text? What is the same in the text and the photos? What is different? Think about:

- weather
- colours
- animals
- buildings

**7 Are the sentences true (T) or false (F)?
Correct the false ones.**

Paragraph A

- 1 Watson was with other people on the top of the hill.
- 2 When he saw the hut his heart 'jumped' because he was scared.

Paragraph B

- 3 He was sure that the stranger was in the hut.

Paragraph C

- 4 The things inside the hut showed Watson that someone lived there.

Paragraph D

- 5 The piece of paper was a message for Watson.

Paragraph E

- 6 Watson relaxed and enjoyed the beautiful evening.

Paragraph F

- 7 Watson was very worried because he thought he was in danger.

Paragraph G

- 8 The person at the door wasn't a stranger.

8 Find the underlined words in the text and choose the correct meaning.

- 1 stranger
 - a) someone you don't know
 - b) someone who looks very unusual
- 2 gun
 - a) a thing that can hurt or kill someone
 - b) a small bag that holds money
- 3 blankets
 - a) clothes you wear to keep warm
 - b) things you put on a bed to keep warm
- 4 pots
 - a) fruit and vegetables that you can eat
 - b) things you use to cook food or make it hot
- 5 enemy
 - a) someone who wants to hurt you
 - b) someone you like and admire
- 6 footsteps
 - a) comfortable shoes for walking
 - b) the sounds of someone walking

FANTASY OR REALITY?

Film director Peter Jackson made the three *Lord of the Rings* films (from JRR Tolkien's books) in New Zealand. It was an enormous project which took eighteen months to film. Jackson had a fantastic team to design and build the towns from Tolkien's descriptions, but when filming finished they didn't keep them. The only one they kept was Hobbiton, so we went to see that. It was a village for very small people, with houses inside a hill.

Another place in the book was Minas Tirith, an ancient city on a hill with a castle at the top. It had streets on seven levels, with walls to protect the city. The model for this fantasy city was a real place: Mont Saint-Michel, a tiny rocky island on the coast of north-west France. Mont Saint-Michel first had a church in the 8th century, then houses for fishermen and farmers. Now there are also shops, restaurants, hotels and four museums. The streets are tiny and there are 900 steps up to St Michael's church at the top.

FACT! Mont Saint-Michel is a UNESCO world heritage site. About 3.2 million people visit it every year, but only about 50 live there.

GETTING AROUND IN Hong Kong

Today we're looking at unusual journeys to school. Twelve-year-old David Wong tells us about his journey to school in Hong Kong.

I live in Mong Kok in Kowloon, Hong Kong. A lot of people live in Mong Kok and everybody uses public transport. In the rush hour, it's very busy. My school's a long way away, on the other side of the city. I travel on all the city's public transport to get to school. I don't take any money because I've got an Octopus Card. It's called the Octopus Card because an octopus has eight legs and eight is a lucky number in China.

Yesterday was a normal school day. I went on foot from my flat to the underground station in Mong Kok. Then I took the ferry across Victoria Harbour. I arrived on the island side, and I took the tram. I like travelling by tram best because you get a great view from the top! Finally, I went on foot up the escalator to my school in the Mid-Levels. Some students go by bus, but the escalator is more fun. The whole journey was only 45 minutes!

FACT! People in Hong Kong make 12 million journeys on public transport every day.

I live in Astana

Are you from Astana?

What do you know about Astana?

Hi! My name's Alina and I'm from Astana, in Kazakhstan. I live in an apartment in the city centre with my parents and my two brothers. I'm 11 and I'm in the fifth grade at school.

I like my city. There are lots of things to do. One of my favourite places is Duman Entertainment Centre. It's got a big aquarium with over 2,000 sea animals. There's a special show where they feed the sharks. It's really scary! There's also a 4D theatre. It's fantastic – you can take an underwater tour, or you can go back to the past and visit the dinosaur age.

Khan Shatyr Entertainment Centre is amazing. It's 150 metres tall and it looks like a huge tent. There's a great swimming pool inside with a beach – I love going there with my friends. There are also shops and cafés, a cinema, a mini golf course and even a monorail!

Another of my favourite places is the Presidential Centre of Culture. It's a very big museum in Astana. You can learn a lot about Kazakh culture and history there. You can see traditional Kazakh knives, carpets, coins and furniture. There's also a big library. If you look down on the centre from an aeroplane, it looks like the sun.

Astana is a wonderful place. Why don't you come and visit us?

A PARALYMPIC CHAMPION

Tatyana McFadden was born with a disability – but that didn't stop her from becoming a world champion athlete. Here are some FAQs (Frequently Asked Questions) about Tatyana.

FAQs

- 1 Why does she race in a wheelchair?
- 2 Was life difficult for her when she was young?
- 3 When did she start wheelchair racing?
- 4 Did she do other sports?
- 5 Where was her first big international competition?
- 6 How successful is she now?
- 7 How does she prepare for her races?

Answers

- a She began when she was eight years old and she loved it immediately.
- b She's a Paralympic champion at every distance, from 100 m races to marathons. She's got over 30 medals in international competitions.
- c She usually gets up before 7 am, eats some yoghurt and drinks lots of water. Then she trains for 2 hours and has a big breakfast. In the afternoon she trains again for 2.5 hours. She normally goes to bed at 10.30 pm.
- d Yes, she did. She also tried wheelchair basketball, swimming, ice hockey, gymnastics and scuba diving.
- e Unfortunately, she was born with an illness called spina bifida. This means that she can't move her legs at all.
- f She competed in the 2004 Paralympic Games in Athens when she was only 15. She won two medals.
- g Yes, it was. She didn't have a wheelchair when she was a very young child, so she learned to walk on her hands. Luckily, this helped her later when she started using a chair, because her hands and arms were very strong.

FACT! Racing wheelchairs can reach a speed of more than 30 km an hour.

THE HIGHLAND GAMES

Are you bored with modern sports? Then come to the Highland Games in Scotland and discover traditional Scottish sports. The Games celebrate Scottish culture, and also include Scottish dance competitions and typical local food.

From May to September there are Highland Games in towns and villages across Scotland. Men, women and children travel from all over the world to watch.

Nobody knows when the Games started. But in the 11th century, King Malcolm III of Scotland held a race to find a fast runner to take his messages. Maybe this was the first Highland Games. Some historians say that the Victorians invented The Games in the 19th century.

Competitors at the Games do a lot of different events. There are special 'heavy' athletic sports. One famous event is the *caber toss*. A caber is a heavy wooden pole. Contestants throw the caber. The winners are very strong! Other events are the *stone put* – contestants throw a big stone – and the *hammer throw* – they throw a metal ball on a long stick. Another popular event is the *Tug o' war*. In this event, rival teams pull a rope in opposite directions!

Local Scottish athletes wear traditional tartan kilts similar to skirts. Tartan is a colourful material. In the past, Scottish people wore tartan to show which family they were from.

Nowadays, people from all round the world compete in the events. So why don't you come too and experience the magic of the Highland Games?

FACT! There are Highland Games all round the world. The first Highland Games in the USA took place in New York in 1836.

2 2.25 Read the text. Check your ideas in Exercise 1.

Outdoor sports and activities

We often do sports and activities at a gym or a sports centre, but sometimes we do them outdoors, in a natural environment. Outdoor sports and activities are sometimes competitive. This means that we do them in a race or a competition because we want to win a prize. Recreational means that we do them because they are fun.

We usually do outdoor sports and activities in three different places: on land, in the air or in the water. Horse riding, mountain biking and climbing are land activities. We often go climbing on mountains or large rocks. Bungee jumping, parachuting and paragliding are air activities. We jump from a high place like a bridge when we do bungee jumping. Canoeing, waterskiing and windsurfing are water activities. We go canoeing in rivers and waterskiing and windsurfing in the sea.

Kazakhstan's sporting success

Which sports do you like watching?
Which sports do you play?

Kazakhstani athletes are becoming more and more famous for their success in sport.

People probably know them best for boxing. Kazakhstani boxers are some of the best boxers in the world. Kazakhstan often wins Olympic gold medals for boxing.

The 2016 Summer Olympics in Rio were Kazakhstan's best ever Olympics. 207 countries sent over 11,000 athletes to compete in 306 events. 78 countries won medals, and Kazakhstan finished twenty-second in the medals table. What a fantastic result!

Which medals did they win? 104 Kazakhstani athletes went to the Games and they left with 17 medals. Three were gold! So who won these medals? The Kazakhstani swimmer, Dmitry Balandin, won a gold medal, and there were also golds in boxing and weightlifting. The women did extremely well. Two silver medals were in women's weightlifting and wrestling.

What will happen at future Olympic Games? It will be very interesting to see. But everyone feels sure that Kazakhstanis will not be disappointed.

ABOUT THE OLYMPIC GAMES

The first Olympic Games were in Ancient Greece. They were always in Olympia and they probably began in 776 BC. They took place every four years, like the modern Olympic Games.

ADVENTURE!

I'm going to go on an adventure holiday in Scotland for a week this summer. I'm going to stay in a cabin in the Scottish countryside. There are about 50 different activities: from mountain biking to kayaking in Scottish rivers. My favourite activity is the zip wire. I'm not going to take summer clothes because it's usually quite cold in Scotland, but I don't mind! I can't wait.

Chloe

This summer my family and I are going to explore Thailand. We're going to stay in a tree house in the jungle for three days, where we're going to ride elephants. Then we're going to stay in a hotel near the beach for a week. I'm going to swim every day, and we're all going to eat really nice food. Fantastic!

Carla

My friends and I are going to spend two weeks watching wildlife in Patagonia this summer. We're going to stay in hostels because it's really cheap. Patagonia is a beautiful place in the south of Argentina, with lots of interesting animals. There are penguins, sea lions, even killer whales. I'm going to take my camera, of course, but we aren't going to take our phones. When I get back, my dad's going to build a web page and I'm going to put the best photos on it.

SUMMER CAMP!

In the USA there is a tradition of sending teenagers to summer camps while the parents stay at home. Every year over 11 million children and teenagers go to one of these. They are very popular because there are a lot of fun activities to do. They usually last two or three weeks. There are a lot of different kinds of camps. Here are some examples. Which do you like best?

- A** Our two-week camp is a perfect introduction to the 'Land of the Midnight Sun'. You'll go sea kayaking, sailing, snowboarding and camping and you'll learn about the history of the region and the animals that live here.
- B** Join other musicians for two weeks of musical fun. You'll improve your skills during the day in classes with great teachers. Then every evening you'll relax at a special concert or at a party on the beach. Other activities are sports, board games and drama.
- C** Learn new skills this summer at the University of Colorado - web design, game design; everything you want to know about computers. You'll stay in university rooms and use the amazing technology that our students use.
- D** A camp for everyone from great athletes to complete beginners. We train hard every day, and at night you'll be very tired! But you'll have fun and play lots of new sports for the first time. You'll sleep well in our luxury cabins in the beautiful mountains of Virginia.
- E** Do you love horses? Do you know how to ride? This is the summer camp for you. You'll get your own horse for the two-week course and you'll learn all about how to take care of it. At the end of this holiday you'll be an excellent horse rider and you won't want to leave!

Amazing adventures

Have you ever done something really adventurous?

Emma's holiday blog

Walking on the singing dunes

The 'singing dunes' are about 180 kilometres from Almaty. I didn't understand how a desert can 'sing' until I stood on the sand and listened to the sound that it makes. Incredible!

Exploring the steppe

We stayed with a local family in yurts for three nights. They took us on their horses to explore the grasslands, or 'steppe'. We saw lots of rabbits! We also met our host family's eagles. They use them to hunt rabbits and foxes. In the evening, we ate with the family and they played traditional music for us. They were so kind that we didn't want to leave!

White water rafting on the Chilik river

Rafting on the Chilik river in a big rubber boat was cool. We got very wet and at times I thought we were all going to fall in the river! It's quite scary when the water's flowing fast.

Mountain biking in the mountains and canyons

This was the best part of our holiday for me. We travelled by helicopter to North Inylchek Base Camp (4,000 metres). When we arrived, we had lunch and took photos of Kazakhstan's highest mountain - Khan Tengri. Then it was time to go down the mountain again - this time we did it by bike! After that, we spent four days cycling along some fantastic canyons. The photo is of my new friend Yerden at Temirlik Canyon. I was really tired at the end, but I really enjoyed it.

It's the end of my holiday in Kazakhstan. I had an amazing time! Here are some of my adventures.

3 Talk to your partner. Which sports do you enjoy watching? Which are dangerous?

4 Work with a partner. Test him/her. Close your books. Say a sport. Your partner says the correct verb, *play, do or go*.

Clothes (page 86)

boots	jacket	skirt	tracksuit
cap	jeans	socks	trousers
hoodie	shorts	sweatshirt	T-shirt

1 Look at the words in the box. Which clothes do you usually wear ...

- to do sport?
- when it's cold?
- when it's hot?
- to go shopping?

2 Work with a partner. Look at the words for one minute. Close your books. How many clothes words can you write in two minutes? Open your book and check your answers together. Is your spelling correct?

Explore adverbs (page 84)

general surprising traditional typical usual

1 Look at the adjectives in the box. Make them into adverbs. Use a dictionary and the text on page 84, to help you.

general – generally

2 Choose four of the words. Write four sentences using the words.

Explore irregular plurals

(page 89)

child	man	reindeer	tooth
fish	mouse	sheep	woman

1 Look at the plural words on page 89 for 30 seconds. Close your books. How many of the words can you write down in one minute?

2 Look at the words in the box. What are the plural forms? Look in a dictionary to check your answers.

Study tip

Make vocabulary flashcards to help you revise your vocabulary. Write a definition or draw a picture, whatever is best for you.

Study with a friend – test yourself and each other. Use your vocabulary notebook or cards.

Project 1

A class survey

Class Survey: favourite gadget

- 1 What's your favourite gadget?
- 2 Who's it from?
- 3 When do you use it?
- 4 Where do you use it?

Look

- 1 Look at the class survey and the pie chart. Which 'gadget' is the most popular?
- 2 Answer the questions in the survey for you.

Prepare

- 3 Work in groups of three or four. Choose one of the topics for a class survey.
 - after school activities
 - daily routines
 - family members
 - languages

- 4 Write questions about the topic in Exercise 3. Use the question words below.

What ... ? Where ... ? Who ... ?
 When ... ? Which ... ? How many ... ?

- 5 Ask your classmates the questions in your survey.

Present

- 6 Draw a pie chart like the one in Exercise 1 to show your results. Present your results to the rest of the class.

tiger

Look

1 Read the text. Match the descriptions with the photos.

1 They're pink and they've got very long legs. They live in Africa, South America and parts of Asia – usually near water. They don't usually swim but they can fly. They're very sociable animals and they live in big groups. They eat shrimps and plankton in the water.

2 They're usually black, orange and white. They've got big teeth and are very strong and fast. They live in India, Russia and China. They're very territorial and can swim very well. They're carnivores and they eat other animals like buffalo and deer. They're an 'endangered species' – there are only about 3,000 left in the world!

3 They've got six legs and are usually brown. They live together in big colonies. They live all over the world except in Antarctica. There are usually thousands in each colony. There are soldiers, workers and a queen. They can carry very heavy things and can find their colony from long distances. They eat plants, fruit, fungus and insects.

Prepare

2 Work in groups of three. Choose three animals from your country. Use the Internet, books or magazines to find information about them. Think about ...

- physical appearance.
- habitat.
- abilities/behaviour.
- food/diet.

3 Find photos of the animals in Exercise 2. Make a poster with the photos and the information about each animal. Put the photos in a different order from the information.

Present

4 Present your poster to the rest of the class in your group. Can they guess which information is about each animal?

Project 3

A tourist information poster

Look

1 Read the information about Budva. Answer the questions.

- 1 Where is Budva?
- 2 What's its history?
- 3 What can you see/do there?
- 4 What's the weather like?
- 5 How do you get there?

BUDVA

Where is it?

Budva is a city on the Adriatic Coast in Montenegro in south-eastern Europe. Not many people know it but it's very popular with millionaires! Budva has a long history – it's 3,500 years old. It was a small fishing village 50 years ago, but now rich people from Italy, Austria and Russia have houses in the town.

A historical town

It's very old and beautiful. There's an Old Town. Some people think this part of Budva was an island in the past. Now it's part of the town. The Venetians (people from Venice) ruled the town from 1420 to 1797 and they built walls to defend the town from their enemies. These walls are now popular with tourists.

Music

It's also a great place for music and concerts. A lot of famous musicians go to play concerts there – *the Rolling Stones* played in 2007. 35,000 people came to see them and the town has only got 16,000 residents! Madonna and David Guetta also played in Budva.

Relax!

There are lots of local beaches. Mogren Beach is very popular and is only 500 metres from the Old Town. The town's got a Mediterranean climate so it's usually warm and sunny.

How to get there

You can fly to Tivat or Podgorica airport or come by car along the Adriatic Highway.

Prepare

2 Work in groups of three or four. Choose a town or city. Use the Internet, books or magazines to find information about it. Use the questions in Exercise 1 to help you.

3 Find photos of the town or city. Make a poster with the photos and the information in Exercise 2.

Present

4 Present your poster to the rest of the class in your group. Which town would the class most like to visit?

Development of this publication has made use of the Cambridge English Corpus (CEC). The CEC is a computer database of contemporary spoken and written English, which currently stands at over one billion words. It includes British English, American English and other varieties of English. It also includes the Cambridge Learner Corpus, developed in collaboration with the University of Cambridge ESOL Examinations. Cambridge University Press has built up the CEC to provide evidence about language use that helps to produce better language teaching materials.
